Background

Institutions must meet the Eligibility Requirements, Accreditation Standards, and Commission policies (hereafter called Standards) at all times. Comprehensive evaluation teams visit every six or seven years to verify that institutions meet these requirements. However, other reports and visits may be required to verify that colleges have resolved deficiencies noted by evaluation teams and continue to meet the Standards. Institutional reports to the Commission can occur at any time.

A **Midterm Report** is required of all institutions midway between comprehensive evaluation visits (in the third or fourth year). A **Follow-Up Report** is required when an institution must provide evidence that demonstrates it has addressed recommendations, resolved deficiencies identified in evaluation team reports, and meets Standards.

When the Commission receives information that raises significant concerns about an institution, a **Special Report** may be required to provide information about the institution. The Commission will identify the information it is requesting in a formal letter. All reports to the Commission must provide evidence that supports the information in the report and the claims made by the institution.

While not covered in these Guidelines, a Show Cause Report is required when an institution must demonstrate to the Commission why its accreditation should not be withdrawn and that it is in compliance with the Standards. The requirements for the Show Cause Report will be noted in the Commission action letter.

Helpful resources include the Eligibility Requirements, Accreditation Standards, Commission policies, the *Guide to Evaluating and Improving Institutions*, and the *Accreditation Reference Handbook*.

The Commission reviews institutional reports at its next regularly scheduled meeting and notifies institutions in an action letter as to what further action, if any, the institution must take.

Information for Preparation of All Reports

Presentation of Reports

The institution is required to submit one hard copy and one electronic copy (including evidence) of its reports to the Commission. Colleges may be asked to provide additional hard copies to accommodate special needs. The electronic version of the report is required to be submitted in MS Word. The report should include an appendix of evidence supporting the narrative statements made. The evidence listed should be included in the Table of Contents under Appendices. All evidence submitted with reports must be in electronic format (e.g., on a clearly labeled CD or flash drive/USB stick, or using active hyperlinks within the body of the report). Send hard and electronic copies of the report and the evidence to:

Unnecessarily long reports can be difficult to follow. A report should concisely state the institution's resolution of any deficiencies and its current and sustained compliance with Standards). If additional work remains for the future, concrete details, plans, timelines, and outcomes for that work should be included in the report.

If there is a visit by Commission representatives planned in connection with the report, team members must be provided with an electronic copy of the report and evidence in advance of the visit. A roster of the evaluation team members will be sent to the institution, and the institution must send a copy of the report to each team member.

Evidence

Evidence should be provided that clearly supports the institution's claim that it has resolved the deficiencies noted and meets Standards. Citations to large documents, without links to the sections that are supportive of the institution's claims, make it difficult to determine specifically what the institution wishes to have noted. Institutions should carefully select relevant evidence to support the elements of compliance stated in the report narrative.

Evidence should accompany each copy of the college report and should be submitted in electronic format (e.g., on a clearly labeled CD, flash drive/USB stick, or via active hyperlinks within the body of the report). Links to web pages should be "frozen" at the time of the evaluation visit and checked to ensure they are active. The *Manual for Institutional Self-Evaluation* and the *Guide to Evaluating and Improving Institutions*, provide further guidance about selection and presentation of evidence associated with Standards and areas of institutional practice. The best evidence is meaningful to an institution's constituents and used in the institution's ongoing assessment, planning, decision-making, and improvement practices.

Midterm Report

Institutions are required to submit a Midterm Report midway between comprehensive evaluation visits. The Midterm Report includes a report on the work accomplished in response to the improvement recommendations made by the previous comprehensive evaluation team, an update of how improvement plans arising out of the institution's self-evaluation were integrated into the institution's ongoing planning and implementation processes, and analysis of longitudinal trend data. Institutions that underwent comprehensive visits after spring 2016 will report on the progress and outcomes from the action projects that were identified in the institution's Quality Focus Essay as described in the Institutional Self-Evaluation Report.

Requirements and Format for Midterm Reports

The following elements are required in a Midterm Report:

1. **Cover Sheet** (Appendix A)

The Cover Sheet identifies it is a Midterm Report and includes the name and address of the institution and the date of submission.

2. **Certification Page** (Appendix B)

The Certification Page certifies there was broad participation in the preparation of the Report and the Report is an accurate reflection of the nature and substance of the institution. The college Chief Executive Officer (CEO), Chair of the Governing Board, and other college personnel as appropriate, sign this certification attesting to the preparation and review of the Report.

3. **Table of Contents**

The Table of Contents is a listing of the contents of the Report, including appendices.

4. **Report Preparation**

5. **Plans Arising out of the Self-Evaluation Process**

This section reports on the self-identified Improvement Plans from the institution's comprehensive self-evaluation process. The institution should describe how these improvement plans were integrated into the appropriate ongoing planning and implementation processes and report on the outcome of those plans. A chart format is appropriate for this section of the report. Any plans still pending for action should be clearly identified with specific timelines for completion and responsible parties.

6. **Institutional Reporting on Quality Improvements**

For Institutions That Underwent Comprehensive Visits prior to Spring 2016

- 6.A **Response to Team Recommendations for Improvement**

Describe the institutional response to the recommendations of the comprehensive evaluation team meant to increase institutional effectiveness (recommendations to improve). The institution should explain the manner in which each recommendation to improve was considered, and what, if anything, was done by the institution as a result of the recommendation.

6.B Data Trend Analysis

Provide the institution's data and analyses of trends from the Annual Reports and Annual Fiscal Reports for the years subsequent to the comprehensive evaluation visit. A Data Reporting Form is provided to facilitate this analysis. Access the form [here](#). Please note you must download the form to your computer in order to use it. The form will not work in an internet browser.

6.C Report on the outcomes of the Quality Focus Projects

The Quality Focus Essay in the Institutional Self-Evaluation Report identified quality focus projects to improve Student Learning and Achievement. The Midterm Report will identify the Goals and Outcomes identified for each quality focus project and the changes in Student Achievement and Student Learning that resulted from the projects. Of particular interest, if appropriate, is commentary on further expansion of the projects, the potential and intent to expand those projects to other areas of the College, and the ability to replicate these projects. The institution should also identify which, if any, projects did not achieve the desired outcomes and provide information as to the factors that contributed to that outcome.

7. Appendices

All Midterm Reports shall include appropriate evidence to support the information provided in the Report.

Follow-Up Report

The Commission may require a Follow-Up Report at any time between comprehensive evaluation visits.
