**Bloom's  
Taxonomy  
of Learning**  
(New Version)

Theatre is a form of knowledge; it should and can also be a means of transforming society. Theatre can help us build our future, rather than just waiting for it.

— *Augusto Boal* —

**AZ QUOTES**

1. Communicate with clarity, purpose and sensitivity with individuals, families, communities, and inter-professional team members.
2. Promote self-advocacy for individuals through the involvement in community and nursing practice.

“The arts and sciences do not exist in isolation, without relation to each other, but on the contrary, are all interrelated, according to the activity characteristic of each.”

-Boal
