Dear Majority Leader Schumer and Minority Leader McConnell,

On behalf of the American Council on Education (ACE) and the undersigned higher education associations, we write in support of S.264 the *Dream Act of 2021*.

We are pleased that Senator Durbin and Senator Graham have reintroduced this important, bipartisan legislation and we urge the Senate to quickly approve it. The Dream Act would allow some undocumented young people, who have already invested in our country and in whom the country has already invested, to earn lawful permanent residence in the United States, and ultimately a path to full citizenship. Brought to our country as children, many of these outstanding young individuals do not even remember the country they came from and consider America to be their only home. Through no fault of their own, they have been left in a state of uncertainty for years and are unable to pursue their dreams and long-term goals in confidence and contribute more fully to our nation.

We have seen these remarkable people up close on our campuses as our students, colleagues, and friends. They are educated and grew up with American values and traditions, making them American in every way except immigration status, and have made valuable contributions to our country's security and economy. They work and pay taxes. They serve in the military and teach in our schools. Thousands of Dreamers work on the COVID-19 frontlines. And tens of thousands of Dreamers have earned or are striving to earn a college degree in institutions across the country. We cannot afford to shut the door to an entire generation of individuals who seek to contribute their best to America.

It is imperative for Congress to act swiftly to protect Dreamers and provide a clear pathway to citizenship. While the Supreme Court restored the Deferred Action for Childhood Arrivals (DACA) program established by executive action, DACA continues to face judicial challenges. As you know, there is widespread bipartisan support from Capitol Hill to Main Street for protecting these high-achieving and talented young people. We are eager to work with Congress to address this issue as soon as possible, and are grateful for Senator Durbin's and Senator Graham's continuing efforts to protect Dreamers.

Sincerely,

Ted Mitchell, President

Cc: The Honorable Dick Durbin  
The Honorable Lindsey Graham
