Dear Mr. Reyna:

The Accrediting Commission for Community and Junior Colleges, Western Association of Schools and Colleges, at its meeting June 10-12, 2020, reviewed the preaccreditation Follow-Up Report and evidentiary materials submitted by Madera Community College Center, a Candidate for Accreditation, in support of its application for Initial Accreditation.

The Commission also considered the Peer Review Team's Preaccreditation Follow-Up Report (Team Report) prepared by the peer review team that conducted its visit to Madera Community College Center on April 13, 2020. The Commission considered your spoken testimony and that of Ms. Marie Harris, Accreditation Liaison Officer, and Ms. Maria Battisti, Vice President of Administrative Services. The Commission found these additional perspectives to be helpful.

The purpose of this review was to determine whether the College has appropriately responded to the issues as identified by the peer review team at the time of the comprehensive visit and as expressed in the Commission's Action Letter of January 27, 2020, granting Candidacy, and to determine whether the College has demonstrated compliance with the related Standards to achieve Initial Accreditation.

Upon consideration of the written and oral information noted above, the Commission acted to **Grant Initial Accreditation**. The Commission finds that Madera Community College Center has addressed the compliance requirements and meets Standards I.A.3, I.B.3, I.B.5, I.B.9, I.C.2, and I.C.3.

The next report from the College will be the Midterm Report due on March 15, 2022. The institution's next comprehensive review will occur in the spring term of 2025.

The Commission requires the College to disseminate the Follow-Up Report, the Team Report, and this letter within the institution, including by posting them on the College's website. Accredited institutions shall make public representations about their relationship with the Commission per the Commission's "[Policy on Representation of Accredited Status](#)."

On behalf of the Commission, we wish to express appreciation for the diligent work and thoughtful reflection that Madera Community College Center undertook to respond to these requirements. These efforts confirm that peer review can well serve the multiple constituencies of higher education by both ensuring and encouraging institutional quality and effectiveness.

If you have any questions about this letter or the Commission's action, please feel free to contact Dr. Stephanie Droker or the vice president assigned as liaison to your institution.

Sincerely,

Stephanie Droker, Ed.D.

Mr. Angel Reyna, President

Dear Mr. Reyna:

The Accrediting Commission for Community and Junior Colleges, Western Association of Schools and Colleges, at its meeting January 15-17, 2020, reviewed the Institutional Self Evaluation Report (ISER) and evidentiary materials submitted by Madera Community College Center (MCCC) in support of its application for Candidacy.

The Commission also considered the Peer Review Team Report (Team Report) prepared by the peer review team that conducted its onsite visit to MCCC October 21-24, 2019. The Commission considered the written response to the Team Report that you submitted prior to the Commission meeting, the spoken testimony of yourself and colleagues Marie Harris, ALO/Vice President of Learning and Student Services, and Maria Battisti, Vice President of Administrative Services. The Commission found these additional perspectives to be helpful.

The purpose of this review was to determine whether MCCC demonstrates the ability to meet all the Accreditation Standards and Commission policies, or to fully meet them within the two-year Candidate period. Upon consideration of the written and oral information noted above, the Commission acted to **Grant Candidacy**.

Compliance Requirements

The Commission determined that MCCC must demonstrate compliance with the following Standards, as identified in the team recommendations in order to achieve Initial Accreditation. This demonstration must be addressed in its Follow Up Report in application for Initial Accreditation, no later than October 1, 2021.

Standards I.B.3, I.C.3 (Requirement 1): In order to achieve initial accreditation, the Commission requires the institution establish institution-set standards for student achievement, appropriate to its mission, assesses how well it is achieving them in pursuit of continuous improvement, and publish this information.

Standard I.B.5 (Requirement 2): In order to achieve initial accreditation, the Commission requires the institution establish institutional learning outcomes in order to assess the accomplishment of its mission through program review and evaluation of goals and objectives.

Standard I.A.3, I.B.9 (Requirement 3): In order to achieve initial accreditation, the Commission requires the institution integrate program review, planning, and resource allocation into a comprehensive process that leads to accomplishment of its mission and improvement of institutional effectiveness and academic quality.

Standard I.C.2. (Requirement 4): In order to achieve initial accreditation, the Commission requires that MCCC publish its own College Catalog.

Modifications to Recommendations

In taking its action, the Commission modified the team's recommendation(s) as follows:

Original Recommendation 1 is deleted from the team report;

Original Recommendations 2 through 5 are renumbered;

Revised Requirement 3 includes citation to Standard I.A.3.

The narrative of the Team Report also includes recommendations and suggestions for improving and strengthening the institution's alignment with the Standards. These do not identify current areas of deficiency in institutional practice, but consistent with its mission to foster continuous improvement through the peer review process, the Commission encourages institutions to give serious consideration to the advice contained in the Team Report.

Next Steps

The Team Report provides details of the peer review team's findings. The guidance and recommendations contained in the Report represent the best advice of the peer review team at the time of the visit but may not describe all that is necessary for the college to improve or to come into compliance. A final copy of the Team Report is attached.

The Commission requires that you disseminate the ISER, the Team Report, and this letter to those who were signatories of the ISER and that you make these documents available to all campus constituencies and the public by placing copies on the College website. Please note that in response to public interest in accreditation, the Commission requires institutions to post current accreditation information on a Web page no more than one click from the institution's home page. In keeping with ACCJC policy, the Commission action will also be posted on the ACCJC website within 30 days of the date of the Commission's action.

In accordance with federal regulations, Candidacy is a formal affiliation status granted to institutions that have successfully undergone an Eligibility review, as well as a comprehensive evaluation process using the Accreditation Standards, including preparation of an Institutional Self Evaluation Report and a review by a peer review team. Candidacy is granted when the institution demonstrates the ability – as it continues to develop – to fully meet all the Accreditation Standards and Commission policies within the two-year Candidate period.

Madera Community College Center, page 3

During Candidacy, the institution undertakes the necessary steps to reach demonstrable and complete compliance with Accreditation Standards. Candidate status may be extended for two years, for a total period not to exceed four years. Credits and degrees earned by a Candidate institution are considered to be from an accredited institution. Institutions that have achieved Candidacy status may make public representations about their relationship with the Commission. Please refer to Commission's "Policy on Representation of Accredited Status."

The next report from the College will be the Follow Up Report¹, including a Quality Focus Essay as part of its application for Initial Accreditation, followed by a visit from a peer review team. In close consultation with your ACCJC staff liaison, you are advised to move forward toward the next stage of accreditation, as described in the document, "Eligibility, Candidacy, and Initial Accreditation" (February 2018) and the "Guide to Institutional Self-Evaluation, Improvement, and Peer-Review" (January 2020), which are available on the ACCJC website. At a time determined in consultation with your liaison, a site visit will be arranged to verify the findings of the Follow Up report.

On behalf of the Commission, I wish to express appreciation for the diligent work and thoughtful reflection that Madera Community College Center undertook to prepare for this evaluation. These efforts confirm that peer review can well serve the multiple constituencies of higher education by both ensuring and encouraging institutional quality and effectiveness.

If you have any questions about this letter or the Commission's action, please feel free to contact me or the vice president that has been assigned as liaison to your institution.

Sincerely,

Richard Winn, Ed.D.
